Attached is an exposed, undeveloped film of Subject's file. We do not have a photo technician, and in order to get the file to you on a timely basis, we are not attempting to evaluate it for you. We have read the file carefully, and feel it might be better if you were permitted to gain your own impressions of Alias ACKERMANN. We would be very interested in what you have to say about him once you have had the opportunity to get a first hand look at him. The undersigned has read his file for the first time, and has noted several rather interesting items, including the fact his wife is Russian born, and he was a Soviet POW from 1945 until sometime in 1946, when he was released despite his SS background as a member of Amt VI, and of the Leibstandarte "Adolf Hitler".
